PROFESSIONAL EXPERIENCE

Martad Holdings Limited | Lagos, Nigeria

Oct 2024 - Present

Front-end Developer

Led front-end development for Exam Primed, a nationwide VAS, enhancing accessibility for telecom users in Nigeria. Implemented timed tests, leaderboard features, and telco payment integrations, improving engagement and usability. Delivered mobile-responsive designs with secure authentication for admins and users.

Accomplishments:

- Developed the frontend for "Exam Primed," a VAS service for Nigerian telecom providers.
- Built a timed test-taking mechanism and a global leaderboard updated weekly.
- Integrated telco payment solutions and implemented credit/airtime payment functionality.
- Designed mobile-responsive layouts ensuring accessibility for diverse users.
- Delivered authentication systems with restricted admin routes.

Zummit Africa

Oct 2024 - Jan 2025

Front-end developer | Remote | Volunteer

Managed front-end development for course sales operations, creating a payment link generation solution and a data-driven analytics dashboard.

Accomplishments:

- Implemented a payment link generation solution for course purchases.
- Built a data-driven dashboard to visualize user retention and course analytics.
- Integrated the Hashnode API to populate the blog section of the company's website.
- Implemented SEO strategies like site maps, quality backlinks and proper meta tags for page optimization.

Communisolve**Oct 2024 - Dec 2024****Front-end developer | Remote | Contract**

Directed front-end enhancements for a social networking app, optimizing user experience with real-time password validation and multi-step forms. Introduced group chats with WebSockets and AI-generated responses, increasing user engagement and satisfaction.

Accomplishments:

- Fixed UI for user pages with real-time password validation and feedback.
- Orchestrated a multi-step form flow for posts, including route redirection upon completion.
- Developed a notification system supporting warnings, successes, and errors.
- Added motion animations using Framer Motion for enhanced user interactions.
- Implemented lazy loading, infinite scrolling, and group chat features with WebSockets.
- Integrated AI models to generate responses and built a poll system for user voting.

Freelance**Jan 2024 - Sept 2024****Front-end Developer | Self-Employed**

Worked as a freelance frontend developer, successfully completing projects through referrals and Upwork. I have also developed innovative solutions for startups, helping them establish a strong online presence and enhance user experience.

Accomplishments:

- Developed a location-based distributor search system using Excel as a database.
- Built a Firebase-authenticated event management app with password-less sign-in.
- Designed a dosage reminder system showcased during the 2024 Cavista Hackathon utilizing AI as content generation based on user health condition.

Yaba College of Technology**Mar 2023 - July 2023****Front-end Developer | Internship**

Improved the school's digital services by modernizing the transcript request interface with an intuitive and responsive UI. Simplified user navigation and reduced processing time by streamlining the request process. Acquired expertise in React by contributing to single-page application development during the internship.

Accomplishments:

- Improved the school's transcript request interface using modern UI design principles.
- Streamlined the request process with a responsive, user-friendly layout.
- Gained proficiency in building SPAs with Reactjs and Vue

EDUCATION

Yaba college of Education**Aug 2021 - Jan 2025**

- Higher National Diploma in Computer Science.
- Active member of the Nigeria Association of Computing Students (NACOS).

CERTIFICATIONS

Animations on the web | Animations.dev

I successfully completed a course focused on web animations using Framer Motion, where I explored the principles of spring animations. This experience has enhanced my skills in creating engaging and dynamic user experiences.

Process of Execution

I successfully completed a transformative course on execution processes, team building, and fostering a positive attitude toward assigned tasks and responsibilities.
